

**PROTECT
YOUR
COMPLEXION**

Every woman who needs the beauty of her complexion should take with her a few bottles of

**GOURAUD'S
ORIENTAL
CREAM**

to improve and beautify her complexion, and protect her skin from the burning sun, blanching winds, and damp night air.

The greatest guarantee of its perfection is the fact of it having been used without fail for forty-three-quarters of a century.

It cannot be surpassed for the relief it gives to all parts of the body, wrinkles and other blemishes of the complexion.

**Men Pay Homage
to Mother's Friend**

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

The expectant mother if she hasn't heard of this splendid embrocation is probably not reading the papers to much extent. And if she does it is a happy thought to send baby to the drug store. "Mother's Friend" is sold externally over the counter and internally.

It is a gentle, soothing, rubefacient, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these hours, that abdominal muscles are subject. The tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. And particularly to young mothers is this remedial application of inestimable value since in thus keeping the mind at rest, it will silent it entirely to go through the period without location of the epidemic after the case when this gentle attention is neglected.

"Mother's Friend" is highly recommended by a host of women. Write for catalog and send a sample to Atlanta, Ga., and we will send you a valuable little book to expectant mothers.
